

## Newsflash #6 - April 2025

Dear reader,

welcome to the sixth issue of the Engage 2 newsletter!

As 2025 gets underway, we're excited to share what's next for Engage 2, and there's a lot to look forward to. Our next major stop is **Airspace World 2025 in Lisbon**, where we'll be making a big splash with several exciting initiatives within **Tomorrow's voices** initiative. We'll be hosting our very first **thematic workshop**, launching the brand-new **Matchmaking App**, and inviting the next generation of ATM professionals to join our **Inspirational Tours** at the Tomorrow's Voices zone.

We also look back on two key milestones from early 2025. We successfully held our first **Winter School** in Belgrade and hosted our debut **Hackathon** in Madrid, both key steps in ramping up our efforts to inspire and support future talent in the ATM domain.

And there's more on the horizon: the **second call for Catalyst Funds** will be opening soon, offering fresh opportunities to bring innovative ideas to life

within the SESAR research and innovation ecosystem.

We're entering this new chapter full of energy and ambition and we're glad to have you with us.

**Happy reading,**
